

How to Enable Pop-Ups in your Web Browser

Google Chrome

1. Click on the 3 dots in the top right hand corner

2. Click on Settings

3. At the bottom of the page, click on [Show advanced settings...](#)

4. Click on [Content settings...](#) in the Privacy section

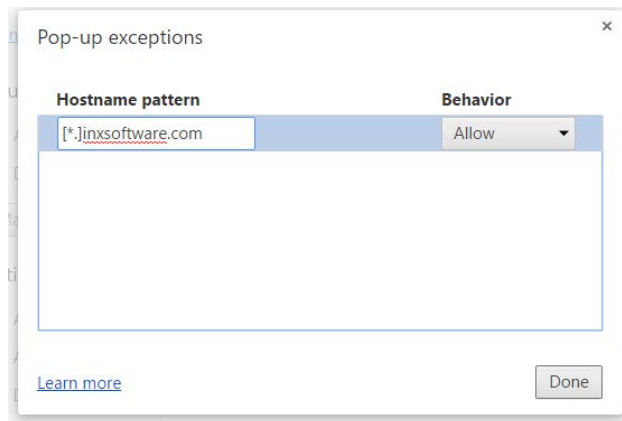

5. Scroll down to the Pop-ups section and click on [Manage exceptions...](#)

Pop-ups

- Allow all sites to show pop-ups
- Do not allow any site to show pop-ups (recommended)

[Manage exceptions...](#)

6. Type `[*.]inxsoftware.com` into the Hostname pattern textbox and change the Behaviour to Allow. Click on Done.

7. Click on Done and then close the Settings tab

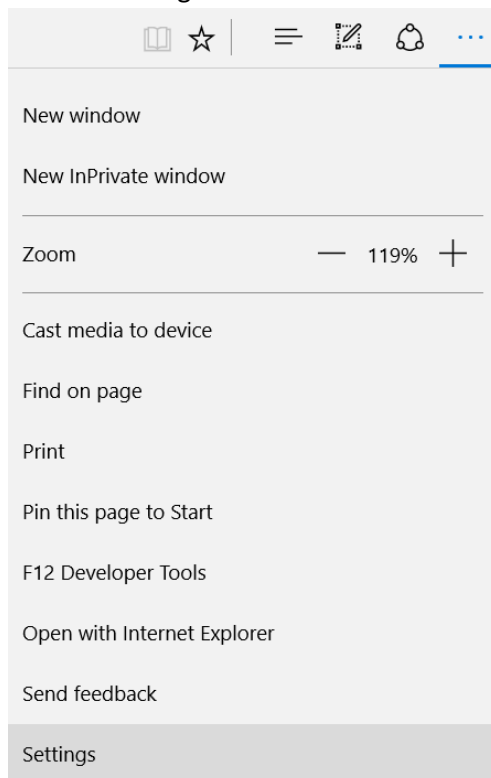

Microsoft Edge

Currently there is no way to enable pop-ups for individual sites as of version 25.10586.0.0. It is expected that this will be released in a future version.

However, you can turn on or off all pop-ups in Microsoft Edge. It may be useful for you to temporarily turn off the blocker whilst doing your on-line training and then turning it back on.

1. Click on the  in the top right hand corner
2. Click on Settings

3. On the left menu, click on  Cookies and site permissions

4. Scroll down to Pop-ups and redirects and click on it

 Pop-ups and redirects
Blocked

5. In the Allow section, click on Add

Allow Add

6. Type in <https://lmsadmin.inxsoftware.com> and click Add
